8:50 AM FEATURED SPEAKER

Canadian Business in a Connected World

Sponsored by Gowling WLG

Jonathan Hack, Bombardier Aerospace

Jonathan is an innovation leader in the Canadian aerospace sector. He joined Bombardier in 2010 after an extensive career of 23 years in the automotive industry with General Motors – both in Canada, and internationally.

At Bombardier's aerospace division, Jonathan is responsible for innovation/patent activities, the 'strategic technology' (R&D) portfolio of projects for the company's Toronto-based activity and is currently leading aerospace R&D efforts in the area of advanced aircraft interiors and systems.

Jonathan is President & Chair of the Board of Directors for the Ontario Society of Professional Engineers (OSPE). He holds a B.Eng & Mgt degree (mechanical) from McMaster University and an MBA from York University.

MORNING PROGRAM (CONTINUED)

9:30 AM

PRESENTATION

The Future of Advanced Manufacturing ~ Developing Collective Competence

Sponsored by Mohawk College

Jesse Hirsh, Futurist

Jesse owns and operates Metaviews Media Management Ltd., which focuses on research and consulting around new media business models, big data, and the strategic use of social media. He is also a co-founder of the Academy of the Impossible, a peer to peer lifelong learning facility.

Because of the impact technology has on our relationship with the world, Jesse believes that it should be used in responsible and creative ways. He encourages audiences to use technology as the catalyst for collaboration, education, and growing thriving organizations.

A speaker who brings excitement and curiosity to technical topics, Jesse is able to synthesize abstract concepts into digestible and actionable pieces of information. His insightful presentations feature valuable unique strategic insights relative for each audience.

For two years, he was the host of an interfaith show on the Rogers and OMNI networks called 3D Dialogue. The show explored all the world's religions and spiritual paths through interviews with practitioners, gurus, holy people, and cynics regarding their rituals, scriptures, and beliefs (or lack thereof).

Jesse was educated at the McLuhan Program at the University of Toronto. Jesse also recently completed a Master's Degree at Ryerson University focusing on algorithms and predictive analytics.

10:00 AM
